

Values-driven. Dedicated. People-oriented.

Our sole purpose is to acquire and operate a single, great business to preserve and grow its legacy.

Why Us

- **Protect your legacy:** We will honor what you have worked hard to build, take care of your customers, and offer your employees growth opportunities.
- **Single business focus:** We are not managing an investment portfolio. We will roll up our sleeves and take responsibility from day one.
- **Ensure a right fit:** Aligned values with the current owners and a similar vision for the future of the business is essential to us.

What We Are Looking For

A B2B service or tech-enabled company based in the U.S. with annual revenues of \$5-20 million (mostly recurring in nature), a track record of profitable growth, and an owner motivated to sell either partially or completely. A company with a proven product or service, a great team, and the potential to thrive under our leadership.

We look to pay competitively through a straightforward transaction process.

Principal's Background

Adrian is an MBA graduate from HEC Paris with close to a decade of hands-on experience in SMEs. He previously held the position of Acquisitions and Financing Director at Skyway Equities, Mexico's largest private real estate development company. Adrian is currently a board member of Grupo AFAL, a family-owned business with over 100 restaurants and 20+ real estate properties.

Boulder Field's Investors

Boulder Field is a team of over 20 business owners and investors with first-hand experience acquiring and successfully managing small and medium businesses. These partners have committed their time and money to fully support Adrian and the business to be acquired.

The investors are ready to deploy capital for the right opportunity, ensuring a rapid transaction timeline.

If our approach resonates with you, we will be happy to have an initial conversation.
